Freedom of the press has, to a large extent, made possible our education, so therefore it is fitting that we should dedicate this book to that instrument of knowledge.

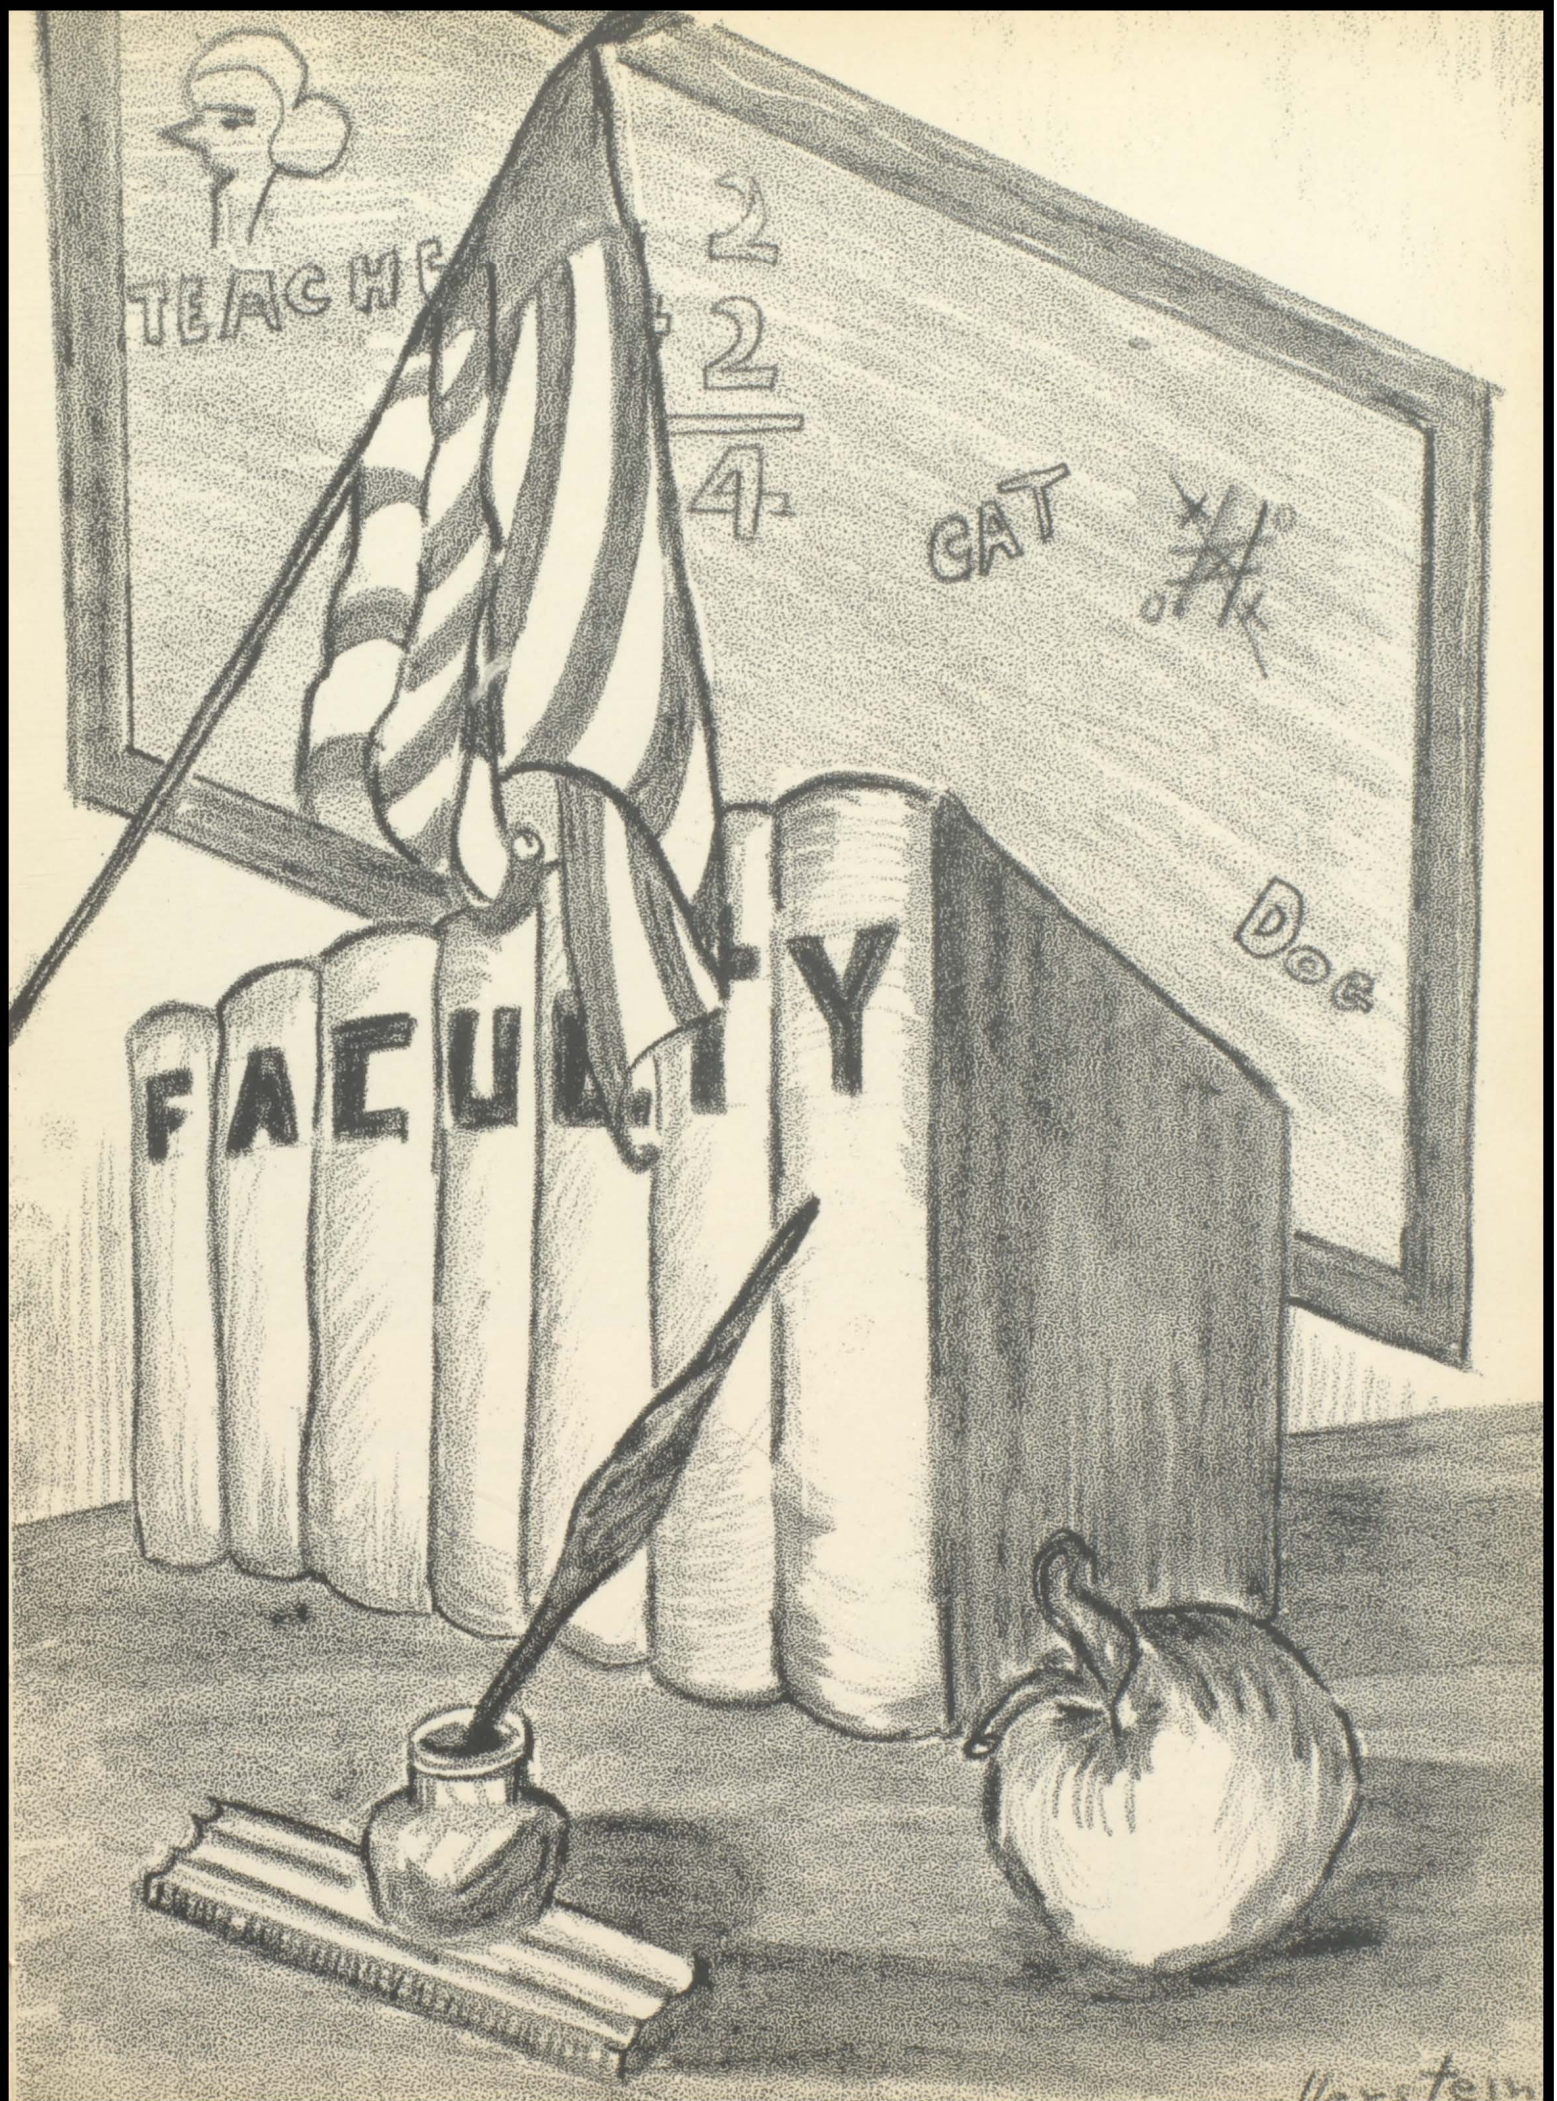

A free press is too often confused with what is prescribed by law in our Constitution. It is more than an American law or tradition, for it has been in existence since the beginnings of hieroglyphics and it will continue to the end of civilization. It is, perhaps, the most important instrument in the cumulative processes of learning, each generation studying through the press or its counterparts, the fund of knowledge of its ancestors and recording by the same method its own contribution to that fund. A free press has been the means by which the generations in such a way that the learning of one generation becomes the knowledge of the next, with education being the transmission of that knowledge from the printed page to the understanding mind.

Now we have finished a part of our education. Some of us will stop here and some will continue, but the realization remaining with us all is that education is the review of past achievements, and it is for us to add to those achievements, and at the same time to the construction of civilization whose foundation is knowledge and whose greatest support is "Freedom of the Press."

CLASS SONG

Words by Jean L. Miles
Music by Dorothy L. Hall

Handwritten musical score for 'Class Song'. The score is written on four systems of staves, each with a treble and bass staff. The lyrics are written below the staves. The music is in 4/4 time, with a key signature of one flat (B-flat). The lyrics are: Dear Bar-ringer, Dear Bar-ringer, The school we high-ly praise, our md-to hon-or truth and lite we wit for-ever phrase, Dear Fa-cul ty we thank you for all that you have done, to help us thru our days of toil, our fau-or you have won, Fare well, fare-well Dear Bar-ringer, we hate to leave so soon, but, in our hearts will al-ways lie the thoughts of Bar-ringer High.

Dear Bar-ringer, Dear Bar-ringer, The school we high-ly praise, our md-to hon-or

truth and lite we wit for-ever phrase, Dear Fa-cul ty we thank you for all that you have

done, to help us thru our days of toil, our fau-or you have won, Fare well, fare-well Dear

Chester Stefanelli took office last month as president of the 4B's paving the way for what promises to be one of the most outstanding classes Barringer has ever seen. Asked if he would make a statement for the press, Chester replied, "We've just begun to fight." He has started the ball rolling by putting the class Congress to work on a program which will consist primarily of methods of raising funds for class expenses. Foremost is their coming Clover Hop which is hoped will more than half fill

SENIOR CONGRESS OFFICERS

Following the tradition of our national government, Mr. Bruder and Miss Schneider will serve as lobbyists to keep an eye on the interests of the class.

Reported by
RAY LAUBER

The activities of the senior class stemmed from the Class Congress organized on the basis of homeroom representation. By a majority vote several representatives were elected in each homeroom at the beginning of the senior year, and they served for a period of two terms.

The power vested in this Congress, through the instrument of the Class Constitution, included the right to direct all class activities. Such projects as the selection of class ring, raising of class funds through two dances and sale of Christmas cards, class picnic and finally a senior prom were among the many activities directed by the Congress. In general, it was the guiding light of a strongly organized class. Mr. Bruder was the faculty adviser in charge of these class activities.

His brawn and brain and happy heart,
Are things from which we hate to part.
For many happy times we thank,
This Tarzan friend of ours, called "Nank."

Rose is as true as violets are blue,
Sweet as sugar and refined too.
As natural as is her name,
To please us all is her one aim.

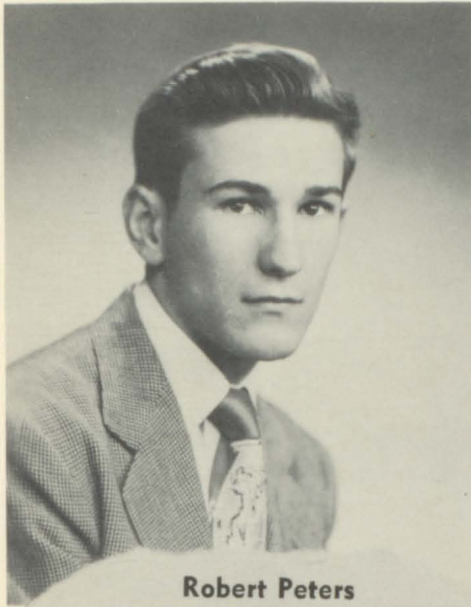

Jerry Oliverie

On the field he's ne'er asleep.
He throws a pass with deadly aim,
And many are his claims to fame.

But Coburn wouldn't wait.
She marked him absent though she knew,
That Peters would be late.

Robert Peters

Full of fun and mischief too,
Doing things he shouldn't do.
A little nonsense now and then,
Ranks him with the best of men.

Paul Primamore

His fencing prowess won him fame,
And Buhrman can't pronounce his name.
But if someone can top them all,
Rely on this—it's our boy Paul.

Donald Rice

Some people sleep so they can live,
But Don just lives to sleep.
The teacher's questions come and go,
While he's in slumber deep.

"Barri" about Barninger

A HISTORY OF
THE CLASS OF 1950

When he was a freshman,
where the heck was that
pink elevator?

In his Soph year he
learned the ropes.

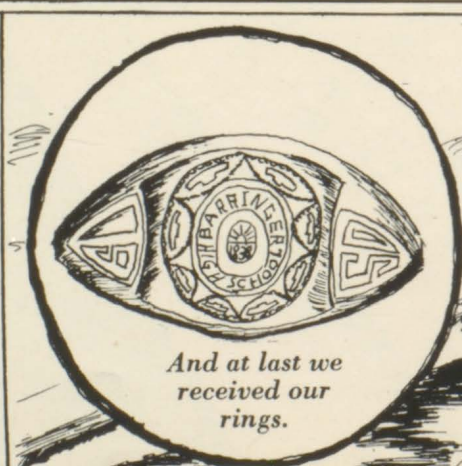

And that first crush was
really rare.

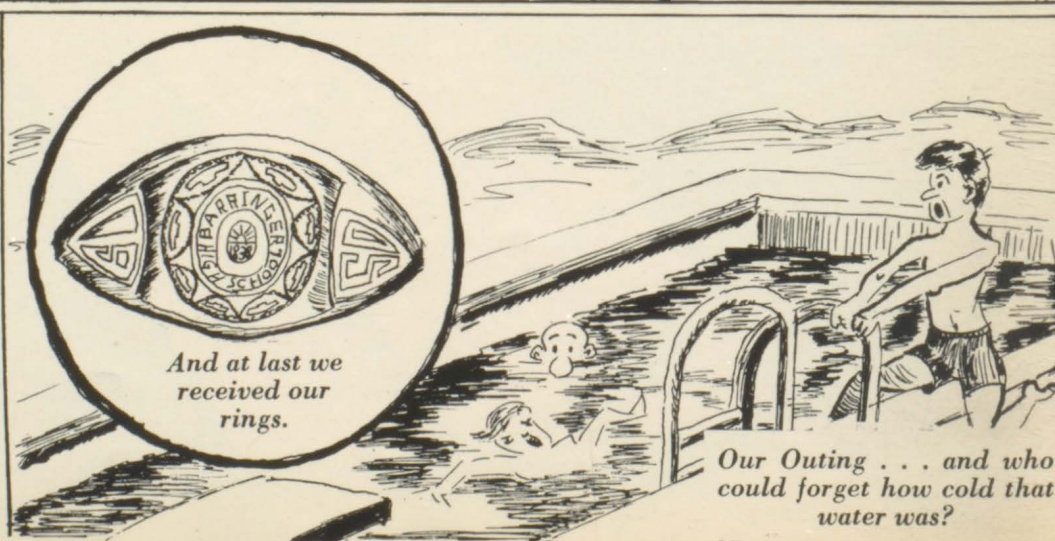

In our Junior
year ... we tried
some new things

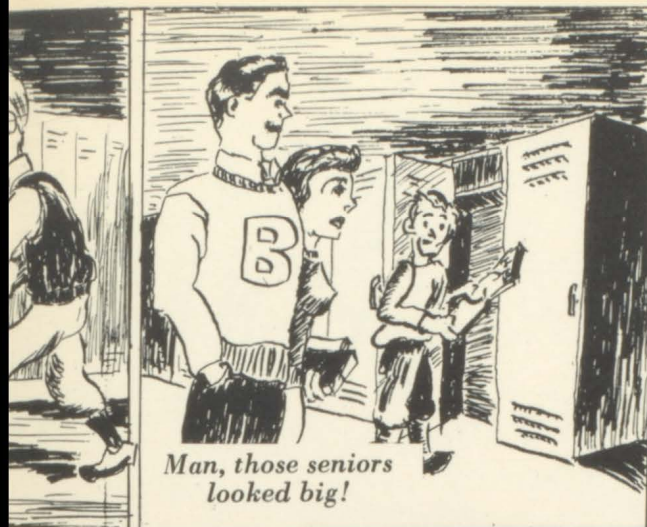

In our Senior year
we organized.

And at last we
received our
rings.

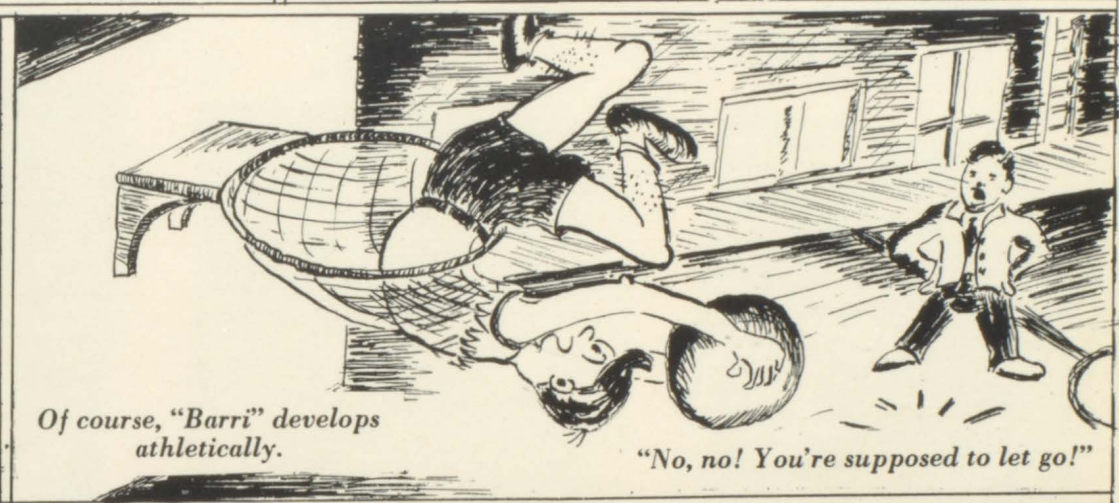

Our Outing ... and who
could forget how cold that
water was?

Man, those seniors looked big!

... then there was the time we won a Thanksgiving Day game.

Of course, "Barri" develops athletically.

"No, no! You're supposed to let go!"

HEADLINES IN THE NEWS

Bids will be taken Dec. 29 by the State Highway Department on cross-over connections on the old Route 25 lanes near South Newark, for more convenient access to Newark Airport.

The design change on a highway at South st. is part of the construction from the Pulaski Skyway toward Port st. at Newark Airport to complete six miles of four-lane highway. Three of the eight lanes are now under construction.

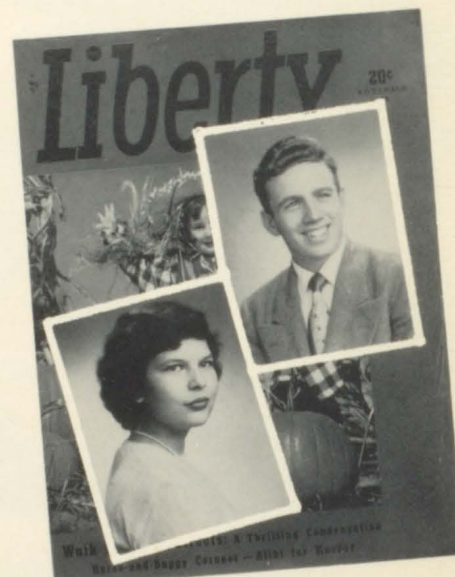

People are eating less. The report shows that last year ate up about 10 percent less food than in 1942. The report also shows that in 1942 counterpart by eight percent on citrus fruits, 21 percent on vegetables and 49 percent on sugar and sweets. Only in 1942 showed a marked drop, the report said.

The Roving Reporter

This is your favorite reporter, Donald Berry, bringing you intimate news about the new "Big Blue", the fabulous new high school replacing the old grey walls of Barringer.

Do you know that through the unstinting efforts of P. T. S. A. leaders Mr. George Kurtz, Mr. Ernest Peters, and Mr. Henry Buchanan, spearheaded by Board of Education president, Alice Gonnelli, the dream of a new Barringer is now a reality.

It is interesting to note that many members of the class of January 1950 have returned to their Alma Mater to continue the tradition of "Once a Barringerite, always a Barringerite!"

Mr. Anthony Caprio, who heads the department of Physical Education and is fondly called "The Hair" by his pupils, boasts of the improved conditions in his department. Now there are five mermaids gracing the brand new pool answering to the names Muriel Goos, Madeline Morra, Irene Guarino, Marie Meola, and Judy Cerone. With the assistance of former Olympic Champion, Miss Marie Mallette, the department and five mermaids are under excellent control!

Miss Dorothy Lee Hall returns to Barringer as head of the Music Department after completing extensive study in Europe. She has arranged for the permanent installation of the Blue Jackets at assembly programs—a half hour on—a half hour off.

Another Barringerite returning to the fold is Ray Lauber, new head of the Mathematics department. In order to stimulate interest in mathematics Mr. Lauber is making a unique offer to all students who pass both Algebra 4 and Trigonometry. Yes—you've guessed it a log will be given to each successful student.

The "Big Blue" also boasts of a successful author, Jack Schrier, a member of the English department. His biographical study of the famous atomic scientist, Paul Primamore, is beginning to shape up and will soon roll off the press of Robert Peters and Co. That is all.

Fashion Fads

News has it that at the Sara Shop, Miss Andreaccio is introducing a thrilling fabric known as fissionable taffeta. A quartet of Post Power models, including Miss Norma DeChristafaro, Miss Arlene Hixson, Miss Marion Greenstein, and Miss Pat Megaro will shortly be featured in an exclusive showing of dramatic fashions. To insure complete satisfaction, purchases must be made at the Geiger counter.

City Divided On Disposal Problem

The 1970 campaign for city commissioners opened last week and is now in full swing. Mayor Chester Stefanelli is expected to sweep the city again this year, although the other major candidate for Sanitation Commissioner, John Finelli, will probably give him some trouble, especially in the Ironbound district, which is run by that able leader, Al Frungillo.

In the northern part of the city, Dr. Dennis Filippone, with his pretty nurse, Miss Edna Ross, is waging a terrific battle to regain control of the Board of Health, which he lost in the last election by decision of a two-headed coin to that grand gambler-politician, former congressional representative, Gerald Oliverie.

The big issue over at City Hall is whether the present commissioners, Carl Russomano, Chester Stefanelli, Sal Melillo, Robert Simpkins, and Anthony Gioino, should create a new political job, or empty the ashtrays themselves after each meeting. Thomas Gaglione, Chief of the Fire Dept. maintains that it would be a fire hazard unless one of his qualified technicians such as Anthony Furlano were to do the job. On the other hand, Mike Caputo, prominent leftist, proposes that a new commission be established consisting of six men, one to empty each commissioner's tray and one to empty the whole works in the garbage. Presumably, it would require the strength of such as, Don Melito, Louis McWhorter, Louis Ruggerio, Carl Hargrave, Rick Bernabe and that Champion of the People, Defender of Life, Liberty, and the Pursuit of Happiness, LIBBY ROSENSTEIN. One of the weaker suggestions, proposed by Leonard Cohan, (relative of the late George M.), is to put up a "No Smoking" sign, but this suggestion has not been generally accepted, in that it would create confusion and disorder. And as it is said, "Ashes are ashes, and dust is dust. If the Commissioners won't clean up, SOMEBODY MUST."

Entertainment Whirl-d

In New York it's Bill Brown's Tea Room for tops in sophisticated entertainment. Dancing after eight. Music by Bob Bananas and his bunch, the band with a-peel. Mary Anne Tischio is the featured vocalist.

The biggest play on Broadway this month is "The Farmer Gets His Man" or "The Death of a Traveling Salesman", produced by Donald Rice and directed by John Luongo. Eileen Richmond stars as the farmer's daughter.

* * *

George Walters and his all girl orchestra gave a memorable recital last night in the Chicago Theatre of the Air. Fanny Christaras and her magic violin were featured.

* * *

The great dramatic actress Lois Walsterstein will star in another great Angelo production, Looney Tunes, opening Thursday at the Nankivell Theatre (formerly Branford, Newark). Allen Kornfeld plays Bugs Bunny the Villian.

Problem Clinics

Have you a problem boy who needs the influence of a strong educational hand? In the beautiful setting of a ten-acre estate the prominent educational authority, Miss Audrey Sachs, assisted by her child specialists, Miss Frances Bennett and Miss Gloria Casey, have established a school of international reputation. Through the instrument of the core curriculum all problems seem to disappear. The only trouble is that after eating the apple the core is thrown away.

Have you a lonely heart? The person to see is Miss Dolores Stolz who announces with pride the opening of a fourth branch of her Lonely Hearts Club, staffed by those two well known psychiatrists, Miss Jean Castagna and Miss Angela Miss Cappiello. As of the moment they boast of great success with the Elaine George Case and the Livia Galasso Case. This has been done only after considerable experimenting on themselves, mostly trial and error.

Jelly Bean Factory Strikes

After 10 hours of unsuccessful bargaining last night, the workers of the Carnovale Jelly Bean Company went out on strike on the claim of labor leader Bill Wheeler, that the workers did not have enough time for lunch. However, Ray Merola, spokesman for the management, claims that the free jelly bean sandwiches which the company provides, more than compensate for the short lunch periods.

Patty Halstead, famous dietician, announced that her investigation of the matter disclosed a marked vitamin B deficiency among the workers. She said that this was probably due to the poor quality of beans used in the free sandwiches. Chemist for the company, John Aha, denied this, claiming that after many years of research he had developed the best jelly bean sandwich available, and that only the highest quality ingredients went into its manufacture.

The strike is tying up business across the nation, and Governor Charles Earl has threatened to call in the state militia and take over the vital industry before any violence occurs.

Marie DiChiara, Celeste Carrione, Jeanette Salerno and Angela Trento of the Salvation Army say that if the strike doesn't end soon they will be out of business—"Bums," they say, "want jelly beans, not doughnuts with their coffee."

Wedding Bells Ring - At Last

Mr. and Mrs. Alfred LaSpina happily announce the forthcoming marriage of their daughter, Marie, to Mr. William Feeley. The wedding will take place in Our Lady of Lourdes tomorrow at 4:30 P.M. It will be followed by a reception at Mary Washington's Revolutionary Taproom.

Attending the bride will be those eager beavers, Miss Natalie Coriddi, Miss Ida Russonella, and Miss Rose Natuale, all anxiously awaiting the toss of the bridal bouquet. How often can they miss? Marie Cortes of Jacques Fath will gown the bride and her attendants.

Putting into practice the Good Will philosophy, three ex-fiancées of the bride, Samuel Soprano, James Stivers, and Phil Ferraro will act as ushers for the occasion.

Arthur Cafaro, singing "I Love You Truly", and Bertha Wright with her famous rendition of, "Oh, Promise Me" will provide a solemn note played by Santa Belluso. Pictures will be taken by Hines of Hollywood, employed by Crescent Studios.

Rumor has it that society editor Elizabeth Sessa has discovered the Shangri-La of this famous couple. Why are Lenore Schlenger and her candid camera headed for points south? Can it be that Carolyn Taylor and Dorothy Mitchell are opening their Sea Island resort for the happy pair?

Social Notes

BENEFIT BALL HUGE SUCCESS

Last night was the scene of a spectacular party given by that Elsa Maxwell of the Oranges, Miss Mildred Caruso. This time, striving artists will profit by her generosity.

Among the celebrated art lovers were Supreme Court Judge Martino, Count and Countess Dellgelsky (the long waiting debutante Caroline Alwell), Secretary of State, Josephine Salvatoriello and world traveler, Dolores Thomas just returned from an Alaskan tour where she tried to entice that charming northern belle, Miss Norma Vance, to visit the United States in order to give a course in nose rubbing.

Also present were Mr. Hampton Harley and his enterprising business partner Miss Margaret Rogers glowing with the success of their atomic bubble gum.

Les Blasi's orchestra provided the strains of soft music while the featured vocalist, Jean Miles, sang a wide repertoire of songs including those of the new modern composer, Richard Carbone.

Among the most prominent of the striving artists who gave their views on contemporary art were Julie Alfieri, portrait painter, Thomas McGurk, sports cartoonist, and Harry Zimmerman, illustrator. Mario Freda, a more practical artist, catered the affair.

The final disaster of the evening occurred when doorman, Dick Smith demolished Dan De Benedetto's brand new Cadillac while trying to park. Luckily, registered nurse Vivian Kee came to the rescue in the nick of time.

Student Council Reports Progress

Through the effective efforts of the officers, supported by the capable representatives, the Student Council promises to initiate a fruitful program of improvements and additions throughout this promising year.

Among many of its beneficent services, the Student Council has paid the cafeteria twelve dollars for the misplaced silverware; it is also sponsoring a great campaign for the services of the Community Chest and has decided that the Homeroom which contributes the greatest amount should receive East Orange boosters free of charge. A "new cheers" committee has been appointed and the person who submits the best cheer will receive two free tickets to the East Orange game. A Luncheon Committee is investigating the matter of having music played during lunch periods in the cafeteria.

A Dance Committee, headed by Donald Z. [unclear] and prepared the machinery and program for the [unclear] Student Council.

Purpose: "The object of this organization shall be to foster a close cooperation between the students, and the administration for the purpose of solving problems which affect the welfare of the entire school." (Constitution)

SPORTS FINAL

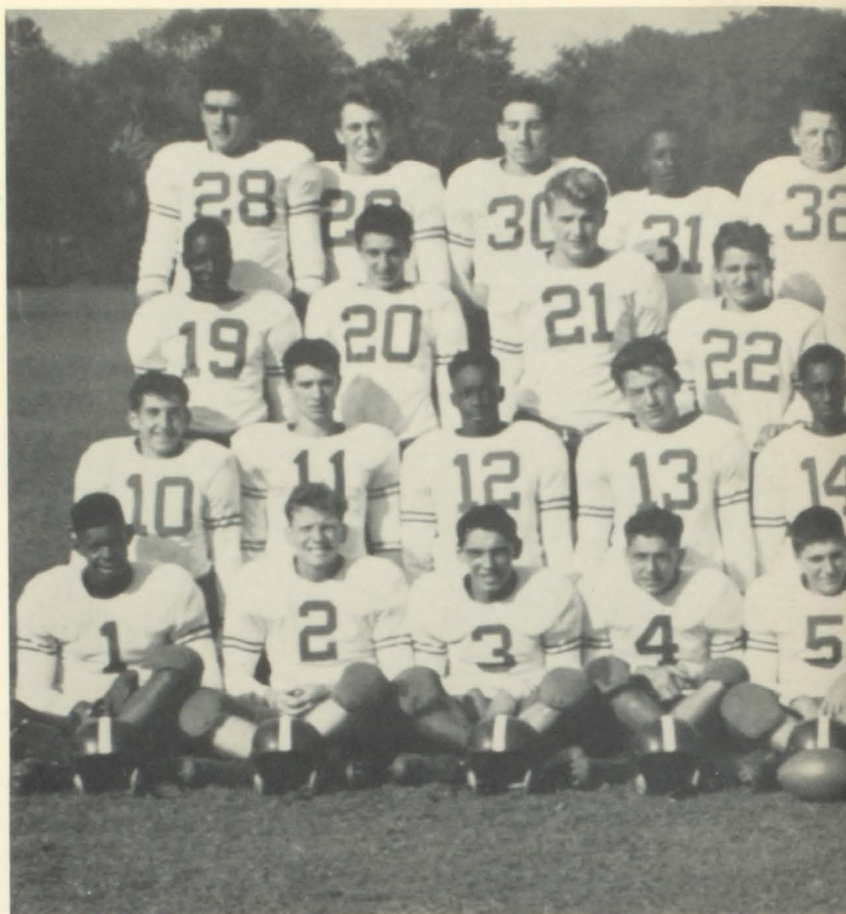

Ray Merola who received his "Blues" in his junior year, has excelled at guard position. Without Ray's support the backfield couldn't strive to victory.

John Finelli, our blocking back, doesn't carry the ball, but he clears the way for our TD stars. Thanks John, for your swell support.

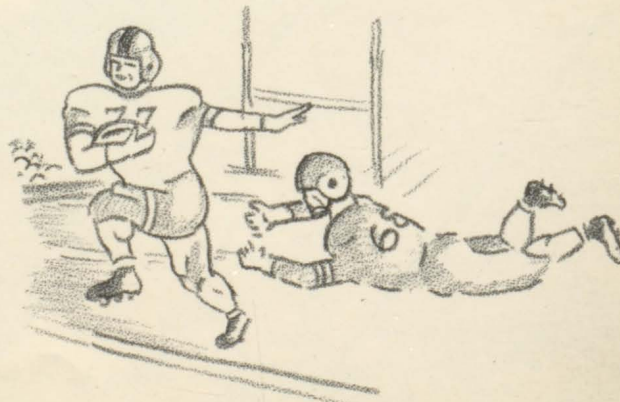

Jerry Oliverie, who also earned his letter in his third year, has been a threat to opponents, with his passing, kicking, and rushing. Jerry has led the boys with TD's.

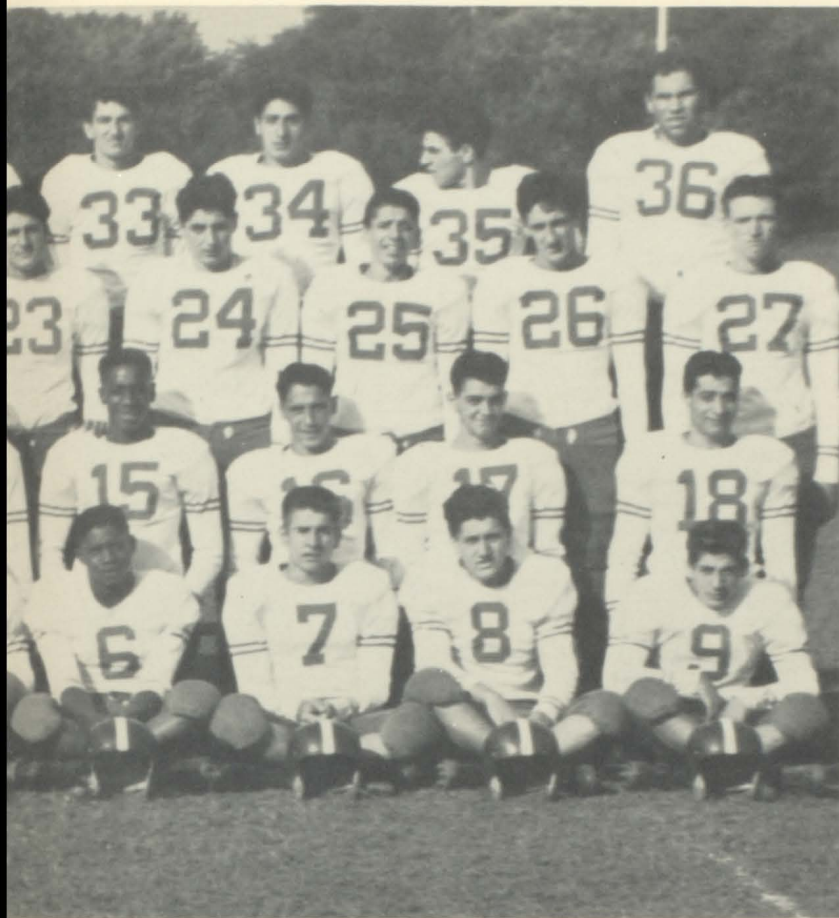

FOOT

Reported by BOB BONANNO

The "Big Blue" under the keen supervision of Mr. Anthony Naparano got off to a slow start during the 1949 season losing to All State Montclair with a score of 25-2 and to All City Central, 19-12. The news was no better the following week when we were defeated by West Side—score 13-7. Then the veteran team found themselves when they tied South Side, and defeated Weequahic by a lead of 12 points.

BALL

These were followed by two successive victories winning from East Side and Bloomfield Tech to the tune of 19-0. Then again, a minor set back, when they lost to West Orange by a score of 41-6. We wish the team the best of luck when they play the traditional East Orange game.

Carl Hargrave, who is the newest addition to the "Big Blue", has also excelled in passing and rushing. We congratulate Carl on his fine job.

Joe Carnovale our dependable center has given fine support to the team. He was active during his junior year.

Bob Bonanno our faithful manager, who has carried the water for three years, has also been a great help to our team.

ON GUARD

Reported by PAUL PRIMAMORE

Under the skilled coaching of Dr. Gerald Cetrulo and Rudolf Salvato, the 1949 Barringer fencing team went through an undefeated season and became "State Champions." The team ranked high in comparison with some of the great teams the school has produced. This year, the team again looks good and we would like to wish them the best of luck in the coming season.

ZIMMERMAN, PRIMAMORE, SMITH
Fencers Win State Championship
Primamore, Zimmerman, Smith Cop League Trophy

Paul Primamore

Third man on the varsity in his junior year, Paul took 1st place in the state meet, fencing on the 3rd strip. In his senior year, as co-captain and 1st man, Paul joined the ranks of many former Barringer fencers by capturing the State Championship title. He was a Major letter winner, and also received a Wreath "B".

Harry Zimmerman

"Zim" made the varsity in his junior year also. In his senior year he became co-captain. Harry served as second man on the squad, and in 1949 showed his skill by placing second in the State Meet. He was a member of the 1949 State Championship team also. Harry received a Major "B" and a Wreath "B".

Richard Smith

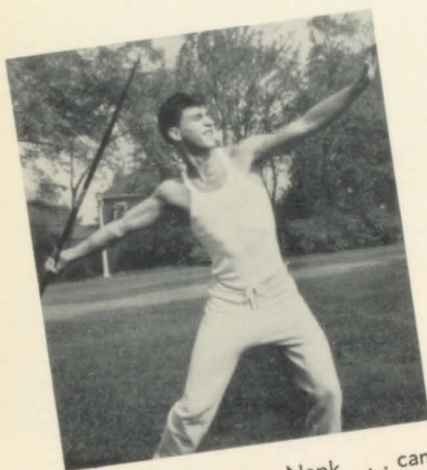

"Smitty" was third man on the squad in 1949. He immediately became a great help to the team. Considered by many as the best 3rd man in the state. Dick took 7th place in the State Meet, being out placed only by some of the State's best men. He received a Major "B" and also a Wreath "B".

Barringer Triumphs in City Meet

Charles Nankivell . . . Nank . . . came out for track in '48 to throw the discus. He switched to the javelin and in his next season, '49, he took second place in the City Meet.

Dan DeBenedetto . . . the '49 season was the fourth season in Danny's career as a quarter miler and he topped it off by taking the city championship.

Carl Hargrave . . . has been out for track since attending Barringer. He has excelled in pole vaulting and took the city championship in '49.

Jerry Oliverie . . . '48 was his first season for track, and he started off by throwing the discus, then he switched to the javelin and in the following season '49, he took fourth place in the City Meet.

Henry Buchanan . . . Hank . . . came out for the track team in '48 and ran the half mile. In '49 he switched to the mile and took the city championship. He served as captain of the 1949 squad.

Don Melito . . . has been on the track team four years and has stuck to the discus. In '49 he took third place in the City Meet.

FIELD AND TRACK

Reported by CHARLES NANKIVELL

Barringer had more than its share of talent as it entered the 1949 track season. The squad showed great promise from the beginning and it wasn't long before they verified that. It was a spirited group, under Anthony Naporano, that failed to taste defeat in a single triangular meet. The big pay off came on May 19. After the Big Blue had taken an early lead the day before in the field events, it went on to a decisive victory in the City meet.

BATTER UP

Reported by ALAN KORNFIELD

1949 was a hectic season for Barringer baseball. Sam Sedin replaced Joe Nerenberg at the helm, and under his guidance the Big Blue gained a fast foothold in the City League race for supremacy, and amidst the heat of the conflict loomed as a dark horse. Although Barringer ended up in third place, the Ridge Street nine sported a six and four record, and had given first place Central, and second place East Side a run for their money.

In outside competition the Big Blue didn't fare so well managing only one victory out of six, while compiling an overall record of seven wins and nine defeats.

Al Frungillo

Al made first string catcher on his first try for that position. He turned out to be a real ball-player and earned his letter in the 1949 season.

John Finelli

John, also out for the first time, clinched the first base position. His play at first base enabled him to earn his letter.

OVER HILL AND DALE

Henry Buchanan, who was elected captain of the team, performed very well in the '48 season, placing in both city and county meets, but was unable to round into tip-top shape until late in the '49 campaign.

Reported by HENRY BUCHANAN

Autumn returned and a spirited Barringer cross-country team once again took to the hills and dales. Having lost two lettermen, the team was equipped with but two returning "B" men and a squad of only ten men.

This lack in number led to a shaky start. But under the watchfulness and hard work of Coach Charles Allen, the team shaped together later in the season. Though not a powerful threat, the dales were always capable of an unpredicted upset.

GIRLS IN SPORTS

Reported by
LOIS WALLERSTEIN

Sports activities in Barringer High School are not confined to boys only. Under the capable leadership of Miss Edythe Scalera and Mrs. Jetta Sedicino, the girls of Barringer are offered a well rounded course in physical education. It is the proud claim of this department that every girl may participate in a sport that is her "favorite"! The extra curricula activities are famous for their diversity as well as their social values.

Basketball is one of the most popular sports offered to girls. Interest in the game is developed during class period while techniques are taught in the after school practices.

"B" GIRLS

The accumulation of 1200 points represents the epitome of skill in physical education. These points are awarded for the following achievements: 1) Gym costume preparation, 2) Sport captain, 3) Grade of A or B in class work, 4) Participation in parades, etc., 5) Participation in extra-curricular sports.

Volleyball is always fun to play and it helps to develop that attitude of team cooperation which is so essential in all phases of our school life.

FOR GIRLS

Badminton is becoming increasingly popular as a social sport. Grace, poise, and agility are assets to be derived from skill in playing this game.

Apparatus is considered the most difficult activity of the sports program. However, parallel bars, ladders, rings, and horses provide an interesting way in which to develop poise, balance and good posture.

Social Dancing under the expert supervision of Miss Edythe Scalera, has taken a place of first rank in the sports program. The Rhumba, Tango, Samba, Waltz and Fox Trot are among the favorite steps taught in this special class often attended by more than a hundred pupils.

Shuffleboard is a new sport in Barringer becoming very popular in a short time. The friendly rivalry that goes with the game is fun to watch.

Hockey is a highly organized sport played with such great proficiency that at the end of each season a Varsity team is selected to represent the best players.

CHEERLEADERS

Reported by CHARLES EARL

After rigid practices the '49 squad evolved with many new faces and an approving sigh from Miss Scalera, its adviser. It proved to be an outstanding term as some new and original cheers were added to its repertoire. The Thanksgiving Day game ended another illustrious cheering season.

Santa Belluso

With a snappy strut and nimble fingers, Santa added to the color of our '49 season. Being on the squad for two years, she took active part in all games and parades and was a shining example of why Barringer wanted twirlers.

Paul Primamore

When, after the start of the '49 season, the cheering squad was handicapped by one less boy, Paul worked hard and filled the gap at the Weequahic game; bringing us luck, our first victory of the season, and most of all, a swell new partner.

Hampton Harley

Looking as dapper on the field as he normally does, "Hamp" put a snap and vigor into his cheers that made one wonder how the squad ever got along before he joined them in his 4A term, and added greatly to their performance.

Charles Earl

The '49 season afforded Charlie his second term as a cheerleader. His never-ending smile and pep contributed much to the fun and color of the squad.

THANK YOU...

This certainly isn't the most outstanding space in the book, but we'd like to take this opportunity to offer our most humble thanks to all the members of the faculty and to our very wonderful class.

To the faculty for their sincere interest in us as more than members of a class, but as individuals; for their genuine understanding of our problems and their wholehearted aid in helping us solve them; and finally, for the great inspiration they have been and will continue to be to us in all that we do.

To our class for some of the most pleasant memories we shall ever have of good times together; for their tireless spirit in trying to make this, the Class of January, 1950, the greatest class ever to graduate Barringer. We know they've succeeded.

Thanks an awful lot. It's really been swell.
